

TECNOALIM SRL, organization dedicated to:

"Manufacture of machines for the food industry"

It has decided to implement a quality management system based on the ISO 9001: 2015 standard to improve the service it provides to its customers.

The address of TECNOALIM SRL focuses on the quality system as a way to organize the operation of the company, based on basic pillars such as the quality of its products, customer satisfaction and the continuous improvement of the system's effectiveness. For this, the quality management system of TECNOALIM SRL it's based on:

- Quality and its improvement are the responsibility of all members of the company, starting with the Director.
- Quality is obtained by planning, executing, reviewing and improving the management system, keeping in mind at all times the context of the organization, both internal and external.
- Quality is oriented towards the satisfaction of all our customers and interested parties, through the commitment of the entire organization to meet their needs and requirements, as well as the legal and regulatory requirements and those of the products.
- Quality is supported by the continuous improvement of both the production and service provision processes, as well as the effectiveness of the quality management system in which preventing errors is a fundamental aspect.
- Quality directs us to pay the utmost attention to technological evolution and the possible improvements that new technologies make available to us.
- Quality requires the participation and collaboration of everyone, so this policy is disseminated to all company personnel for their knowledge and understanding.

For the effective application of these principles, the support of both the management team and the entire staff is absolutely necessary.

"WE FACILITATE YOUR FOOD PRODUCTION"
